To celebrate Children's Dental Health month, local dentists and their staffs will volunteer their time and materials to provide **free** dental exams and limited services to children ages 3-18 who are **underinsured** (Medicaid/Title19) **or non-insured and have an economic need**. A parent/guardian needs to call one of the offices and schedule an appointment prior to January 26th. Parent/guardian attendance is strongly encouraged, but if one cannot attend the clinic with the child, a consent form must be completed at the dental office prior to Feb. 2nd in order for the child to be seen. Contact one of the dental offices below to make an appointment!

The following dental offices are participating on February 2nd at these times:

Dental Associates, 902 Park St., Grinnell: 641-236-6174 (7:30-11:30)
